

Nespresso takes great pride in partnering with businesses like yours to have a positive impact on the environment. Our capsules are made of aluminum, which is one of the best materials to protect the freshness of our coffee and is fully recyclable. To support your commitment to sustainability, we invite you to participate in our free recycling program and help give your capsules a second life.

Every cup of **Nespresso** coffee or espresso is a new opportunity to recycle. Through our recycling program, you can give **Nespresso** capsules a new life.

At the recycling facility, the coffee grounds are separated from the aluminum.

Our third-party recycling partner uses the coffee grounds to create compost and high-quality topsoil.

The aluminum goes on to become amazing things from pens to bicycles.

SMALL STEPS MAKE A BIG DIFFERENCE

WITH NESPRESSO, RECYCLING IS EASY AND FREE

Step 1

Call your distributor partner to order recycling bags and/or large recycling boxes and begin recycling your **Nespresso** capsules.

Step 2

Once your bag or box is filled, visit: <https://row.ups.com/Default.aspx?Company=Nespresso>

Step 3

Login using the following information to print your pre-paid UPS shipping label.

Company Alias: Nespresso

(Note: this is not a unique user profile)

Login ID: RecycleB2B

Password: recycle05

Step 4

Enter your ship from address.

Step 5

Select:

- Weight of the package
- Special instructions, if any
- Number of packages you are shipping

Step 6

Complete the process by clicking on print label. A label will show up as “pop-up.” Print label and place on container for shipping. Give package to UPS to ship to our third-party recycling partner.

Our countertop container fits our pre-labeled recycling bags. It's made from recycled plastic and uses minimal materials in production. For a higher capacity solution, try our new large cardboard recyclable box. Order these by contacting your distributor partner.
